

**2022 Annual NDPHA Meeting
June 8, 2022**

NDPHA BY-LAWS COMMITTEE REPORT

By-laws committee members met to consider updates to the NDPHA By-laws and Constitution. Recommendations for change were brought forward to the NDPHA Governing Council for consideration during a special meeting on May 9, 2022. Several suggestions were made for changes to by-laws which included a change in membership types and other operational changes. Due to the amount of discussion, a recommendation was made to form a task force to work on updating bylaws in the upcoming year. This will allow a more thorough process to take place to research options.

At the annual meeting there will be an ask for volunteers to participate in a By-laws Task Force who will work on obtaining best practices for non-profit membership associations and bring forward changes for consideration in 2023.

Respectfully submitted,

Rena Moch, MBA, FACMPE
By-laws Committee Chair
