
2022 NDPHA ANNUAL MEETING
IMMEDIATE PRESIDENT'S REPORT – BY RENAE MOCH
JUNE 8, 2022

The year 2021 continued to challenge all of us working in public health as we continued to respond to the COVID-19 pandemic. Despite this global emergency, NDPHA remained active and served as a consistent voice for public health in North Dakota.

As immediate past president I supported the current NDPHA president as needed and responded on behalf of NDPHA to email requests for information.

Other activities of the immediate past president included:

- Advocacy efforts during 2021 legislative session
- Represented NDPHA during Hill Day Virtual Visits with Senator Kevin Cramer and staff, Senator John Hoeven's staff and Representative Kelly Armstrong and staff.

Respectfully submitted,

Renaë Moch

Renaë Moch, MBA, FACMPE
NDPHA Immediate Past President
